Commissioner  
Owner, Adrienne Gladson  
Consulting*

Orange Citizens to Keep Orange Safe based its selection of candidates on those who have roots in Orange and who have actively served the community. These candidates have vowed to keep our neighborhoods safe and to protect our property rights and open space.

*Orange Citizens to Keep Orange Safe led the successful 2019 referendum campaign to overturn the Orange City Council's ill-conceived decision to build 128 homes on an illegal landfill that is next to active methane vents in a flood zone on the former Sully-Miller site. In 2020, Orange Voters agreed with us by voting "No" on Measure AA. Orange Citizens continue to focus on ensuring that the landowner is required to properly clean up the illegal disposal site that they operated.*

### **Please remember to vote on or before November 8th!**
